

ARGO INVESTMENTS LIMITED  
**TAX TRANSPARENCY REPORT**  
**2019-2020**

## **Introduction**

Argo Investments Limited (Argo or Company) actively manages a diversified portfolio of Australian listed securities with the objective of providing both long-term capital growth and dividend income for its shareholders.

The Board of Argo is committed to responsible financial and business practices and the highest standards of corporate governance to protect and advance shareholders' interests. As part of this commitment, the Board has determined that the Company publish a Tax Transparency Report in accordance with the Voluntary Tax Transparency Code as developed by the Board of Taxation.

## **Risk management framework**

Argo's Risk Management Policy addresses the elements of the Company's risk management framework including how risks are identified and managed and who is responsible for risk.

The Risk Management Policy is available at:

<https://www.argoinvestments.com.au/Risk-Management-Policy.pdf>

## **Responsibilities**

### Board

The Board oversees the operational and financial risks of the Company, including taxation risk with the assistance and recommendations of the Audit & Risk Committee.

### Audit & Risk Committee

The Board has delegated responsibilities to the Audit & Risk Committee in relation to financial reporting, internal financial controls and facilitating the external audit.

### Management

Management has developed the Company's taxation compliance strategy and designed its taxation risk management system. Management regularly reports to the Audit & Risk Committee on taxation matters and discusses any relevant issues.

The Managing Director and the Chief Financial Officer provide management representation assurance letters twice a year to the Board confirming the Company's financial statements are founded on a sound system of risk management and internal control.

## **Taxation compliance strategy**

Argo's taxation compliance strategy is to provide conservative tax effective accounting under current taxation legislation and ATO guidance to ensure tax obligations are met. The Company looks for certainty in tax outcomes and therefore does not pursue risky or uncertain positions.

## **Taxation risk management**

In accordance with the Company's risk management framework, the Company's business environment is regularly reviewed for new taxation risks and its current taxation risks are continually monitored.

Argo's risk management and internal control systems ensure compliance by the Company with its taxation obligations.

Management consults the Company's external auditor and tax advisers, PricewaterhouseCoopers (PWC) on all significant transactions and medium/high taxation risk matters to ensure correct application to enable the Company to meet its taxation obligations.

### Taxation risk controls

To reduce the risk of misstatement in the calculation and provision for taxation, the Company has the following controls in place:

- As part of the half-year review and full-year audit, PWC review the Company's provision for tax payable and confirm the franking account and Listed Investment Company (LIC) capital gain account balances;
- PWC annually review and confirm accounting and tax treatment of investment transactions to ensure treatment is consistent with ATO legislation, guidance and class rulings; and
- Management prepares the Company's annual tax return and engages PWC to review and lodge it.

## **Income tax reconciliations**

A reconciliation of Argo's accounting profit to its income tax expense is included in Note 4 of the Company's 2020 Annual Report in accordance with International Financial Reporting Standards (IFRS).

The Company provides the following information to enhance transparency of Argo's tax outcomes in accordance with the Voluntary Tax Transparency Code:

- 1) Reconciliation of accounting profit for the year ended 30 June 2020 to income tax to be refunded;
- 2) Effective company tax rates; and
- 3) Reconciliation of tax asset refundable at 30 June 2020 to tax refunded for the 2019-20 year.

**1) Reconciliation of accounting profit for the year ended 30 June 2020 to income tax to be refunded**

	<b>2020</b> \$ 000
Profit for the year before tax	215,998
Nominal tax at 30%	64,799
Less: franking credits on dividends received	(50,449)
Add: other taxable items	2,373
Less: over provision in previous year	(181)
<b>Income tax expense as per Statement of Profit or Loss</b>	<b>16,542</b>
Less: tax on realised capital losses	(2,824)
Less: deferred tax temporary differences	(13,363)
Less: PAYG tax instalments paid	(14,889)
<b>Tax refund as per Statement of Financial Position at 30 June 2020</b>	<b>(14,534)</b>

## 2) Effective company tax rates

Franked dividends received by the Company include tax credits which represent the tax already paid and distributed by the source companies.

Including the tax paid on dividends received, the effective tax rate would be as follows:

	<b>2020</b>
	<b>\$ 000</b>
Profit for the year before tax	215,998
Franking and foreign tax credits received	50,455
Income tax expense as per Statement of Profit or Loss	16,542
<b>Tax expense including tax paid on dividends received</b>	<b>66,997</b>
<b>Effective tax rate including tax paid on dividends received</b>	<b>31.0%</b>

The effective tax rate including tax paid on dividends received, is more than the company tax rate of 30% due to non-assessable trust income received, dividends accrued at balance date and the over provision of tax from the previous year.

Excluding the effect of franking credits received on dividends, the effective tax rate would be 7.7%.

### 3) Reconciliation of tax asset refundable at 30 June 2020 to tax refunded for the 2019-20 year

	<b>2020</b> \$ 000
Tax refundable as per Statement of Financial Position at 30 June 2020	(14,534)
Tax refunded post June 2020	14,775
Under provision of tax for 2019-20 year	241

The under provision amount above arises from non-assessable amounts and adjustments as per annual tax statements received after 30 June 2020 from trusts. The under provision amount has been accounted for in the Company's financial statements for the year ended 30 June 2021.
